Desktop Power Supply 700W

The Conceptronic desktop power supply will provide you with enough power to browse the web, finish your office work, watch movies, play your favorite games and edit your home movies on your computer. The power supply is stabile and efficient and shares its output power with all the components in your computer. The silent & temperature controlled fan provides the necessary airflow in the power supply. Thanks to the 2 PCI-Express power connectors, you can even connect your power-hungry (SLI/Crossfire) graphics cards. With this power supply, you can enjoy using your computer like it should be!

* The maximum output is based on the average peak power of the power supply.

Highlights

- > Maximum 700W output power
- > Silent 12CM fan with temperature control
- > 2x PCI-Express Power for high power demanding (SLI/Crossfire) graphic cards

Order Information

Product Code: CPWRDSK700
Order Code: C05-213
EAN Code: 8714909024037
In a Box: 10
